

You are waiting to be housed. The city is waiting for you to die. Stand up, unite, and show the rulers we will wait no longer for our liberation! **JOIN SKID ROW STANDS UP!**

MASS MEETINGS

**Saturdays 2pm in Gladys Park
808 E 6th St.**

- 1** **The ruling class** - the politicians, the landlords, the capitalists - **are waging a war on the homeless.** Thousands die every year and more are thrown on the street to take their place. Homeless people have a right to rebel by any means necessary to get the changes we need.
- 2** **We can't look to the system to fix this.** Charities, non-profits, "progressive" politicians don't make it better and often make it worse.
- 3** **We rely on the people to fix this.** We call on the homeless to unite, put aside their differences and fight together for our liberation.
- 4** **We are an organization of the homeless** open to people of any race, language, religion, gender, sexuality, etc.
- 5** **We fight by recording, documenting, exposing and protesting** the daily struggle of the homeless and **stopping crimes against the people** by the city, police and non-profits in its tracks.
